ENDORSEMENT

Honourable W.L. Whalen

A Case Management Conference (CMC) was held by teleconference on April 23, 2015, at 2:20 P.M, Eastern Time (Ottawa).

[1] The Tribunal expressed hope that it would be able to schedule hearing dates for the compensation phase of this Claim in November or December 2015, or early in 2016 if necessary. The Tribunal and Counsel see merit to hearing this Claim in proximity of time to another

compensation claim being heard in late September and continuing in late October 2015, with further dates yet to be set for oral submissions. Counsel undertook to explore dates when they might be available and to communicate those dates with the Registry. Such dates will be held for the Parties subject to further discussion and confirmation at the next CMC.

[2] The Respondent reported that its expert report on funds received would be available for production by May 31, 2015. The Claimant indicated that its report has been completed. The Claimant urged that a time line be set at this CMC for written submissions in respect of funds received. However, the Tribunal was concerned that it was premature to set time lines until the expert reports had been exchanged and Counsel have had the opportunity to review and compare them. Accordingly, the Parties are directed to exchange their expert reports dealing with funds received on or before **May 31, 2015** and they should be prepared to set time lines for written submissions and hearing dates at the next CMC.

[3] The next CMC will be held by teleconference on **June 5, 2015**, at 2:00 P.M. Eastern Time (Ottawa).
